-  Reduced downtime claims
-  500+ certified H/E appraisers
-  Pro-active, dedicated Client Managers assigned to every account
-  Custom tailored handling profile designed to meet client specific needs

Since 1979, The Authority in Material Damage Appraisals for Heavy Trucks, Tractors, Trailers and Equipment.

SCA has been a leading name for over 35 years by providing national coverage with centralized dispatch of appraisers. For you and your customer - our experience delivers!

Don't accept Heavy Truck, Trailer and Equipment Estimates on auto software! SCA's exceptional H/E appraisal accuracy is due to our nationwide use of the AdjustRite Heavy Truck & Equipment Commercial Estimating system. AdjustRite is the only Medium-Duty and Heavy-Duty Truck, Tractor, Trailer, Equipment and Machinery estimating system with database labor and paint times as well as OEM, LKQ, Recondition and Aftermarket parts prices and sources...built right in. The AdjustRite automated online estimating system from PPG is the only one of its kind created specifically for heavy-duty truck, trailer and equipment damage estimates. Combining proprietary logic and real-time truck and equipment repair data, the AdjustRite program enables our estimators to write the best on-target estimates while streamlining and accelerating the process. This makes our estimates the most consistent and accurate in the industry!

COMMERCIAL VEHICLES & EQUIPMENT WE APPRAISE:

Medium Duty Trucks

Heavy Duty Trucks

Commercial Trailers

Farm & Agricultural Equipment

Construction Equipment

Cranes

Mass Transit - Trains & Trolleys

Derricks & Field Rigging

Intermodal Containers & Chassis

SCA has the strongest national heavy truck/equipment presence in the industry which is centrally managed from our

Burbank, CA location. Having a focused and dedicated group of professionals allows us to provide the highest standards of quality control. When coupled with a nationwide team of damage appraisers who respond to your claim quickly it means: Lower cycle time, higher accuracy, and premier customer service. Once you find that SCA can control these obstacles there is no reason to look any further.

H/E SERVICES WE PROVIDE:
